## ACTIVITY: AI TYPES CLASSIFICATION

In the following activity, you will have to identify the different types of AI and the relationships between them.

**"Access to the activity"**

*Drag and drop the items onto the image below*

## Relative positioning of AI types

Drag and drop each AI type label to its corresponding place

A large light blue rectangular area with a dashed rectangular outline in the center, designed for dragging and dropping content.

- Strong Artificial Intelligence
- Symbolic Artificial Intelligence
- Weak Artificial Intelligence
- Deep Learning
- Machine Learning
- Neural networks

A vertical stack of three nested rectangles (light blue, medium blue, dark blue) with dashed rectangular outlines at their top and bottom edges, corresponding to the list of AI types on the right.
